Please read the Scheme Information Document (SID) carefully for details on risk factors before investment. Please refer to the SID for Scheme Specific Risk Factors.</p>																																				
<p>Investment Strategy</p>	<p>The scheme seeks to provide long-term capital growth from an actively managed portfolio, mainly comprising Large Cap companies.</p> <p>A top down and bottom up approach will be used to invest in equity and equity related instruments. Investments will be pursued in selected sectors based on the Investment team's analysis of business cycles, regulatory reforms, competitive advantage etc. Selective stock picking will be done from these sectors. The fund manager in selecting scrips will focus on the fundamentals of the business, the industry structure, the quality of management, sensitivity to economic factors, the financial strength of the company and the key earnings drivers. Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process. Stock specific risk will be minimized by investing only in those companies that have been analyzed by the Investment team at the AMC. Risk will also be reduced through adequate diversification of the portfolio. Diversification will be achieved by spreading the investments over a range of industries/sectors. The Scheme may however, invest in unlisted and/or privately placed securities subject to the limits indicated under "Investment Restrictions for the Scheme(s)" from issuers of repute and sound financial standing. If investment is made in unlisted securities, the approval of the Investment Committee (constituted by the Board of the AMC) shall be obtained, as per the Regulations and within the broad parameters approved by the Board of the AMC.</p> <p>As per the asset allocation pattern indicated above, for investment in debt securities and money market instruments, the Fund may invest a part of the portfolio in various debt securities issued by corporate and/or State and Central Government. Such government securities may include securities which are supported by the ability to borrow from the treasury or supported only by the sovereign guarantee or of the state government or supported by Government of India/State Government in some other way. The Scheme may invest in other scheme(s) managed by the AMC or in the scheme(s) of any other mutual fund, provided it is in conformity with the investment objectives of the Scheme and in terms of the prevailing Regulations. As per the Regulations, no investment management fees will be charged for such investments.</p>
