PGIM India – Equity Investment Process

PGIM India – Equity Investment Process

Our investment process is based on the following pillars:

Stock selection: Criteria to build fund house universe

- The starting point for our fund house universe will be all companies with market cap greater than Rs.1,000 crores (including any IPOs)
- As of Dec-2022, there are 1037 companies with market capitalization greater than Rs 1000 crores*
- We then look at the following 3 parameters to further filter the universe:

Quality

- Higher than peer average RoE
- Sustainable RoE

Growth

- Higher than peer group growth in earnings
- Sustainable earnings growth

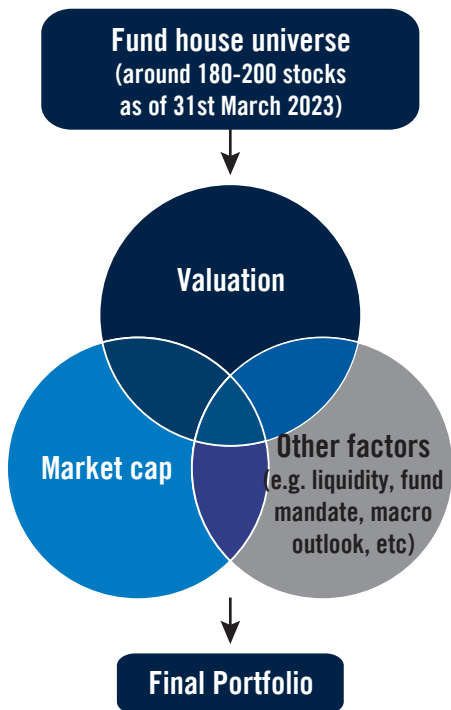

Management

- Good quality management
- Good capital allocation track record
- Operating cash flow positive in 7 out of 10 years (ex financials) (In companies with less than 10 years of data available, at least 70% of the years should have generated positive operating cash flows)
